## Education

---

Expected May 2026	<b>University of Connecticut, USA</b> Ph.D. in Computer Science and Engineering Advisor: Tingting Yu GPA: 3.85/4.00
January 2021	<b>Hebei University of Science and Technology, China</b> M.S. in Computer Science and Engineering Advisor: Yang Zhang

## Research Interests

---

My research interests include concurrent programming, static analysis, software refactoring, and LLMs for software engineering. My current work focuses on leveraging large language models for automated explainable fault localization in concurrent programs.
